Odbija se zahtjev Centra za demokratsku tranziciju, **u dijelu** kojim traži pristup informacijama:

- podatak o ukupnom broju e-usluga koje Državni arhiv pruža građanima ili pravnim licima (nazivi svih e-usluga koje Državni arhiv nudi i linkovi koji vode do njih,

O b r a z l o ž e n j e

Centar za demokratsku tranziciju, dana 27.03.2024.godine obratio se Državnom arhivu tražeći pristup dokumentima:

- podatak o ukupnom broju e-usluga koje Državni arhiv pruža građanima ili pravnim licima (nazivi svih e-usluga koje Državni arhiv nudi i linkovi koji vode do njih,
- spisak svih e-usluga Državnog arhiva čija primjena je počela u 2023. godini (nazivi i linkovi do tih usluga),
- podatak o ukupnom broju korišćenja e-usluga Državnog arhiva, od strane građana i pravnih lica u 2023. godini (podataka o korišćenju pojedinačno po e-usluzi),
- informacije o broju službenika zaposlenih u Državnom arhivu koji su u periodu od 01.01.2023. do 31.12.2023. godine učestvovali na obukama/radnicama o unapređenju digitalnih kompetencija u

cilju efikasnijeg pružanja usluga građanima putem e-uprave kao i datum kada su organizovane te obuke/radionice i ko ih je organizovao.

Postupajući po predmetnom zahtjevu u dijelu koji se odnosi na dostavljanje informacije o broju službenika zaposlenih u Državnom arhivu koji su u periodu od 01.01.2023. do 31.12.2023. godine učestvovali na obukama/radionicama o unapređenju digitalnih kompetencija u cilju efikasnijeg pružanja usluga građanima putem e-uprave kao i datumu kada su organizovane te obuke/radionice i ko ih je organizovao - ovaj organ je našao da je posjedu kopije dokumenata koji se odnose na obuke/radionice koje su u vezi sa e-upravom i dokumentovanjem tokom 2023. godine pohađala su 2 službenika iz Državnog arhiva a radilo se o: online webinaru organizovanim od Međunarodnog savjeta za arhive (ICA) i konzorcijuma Eureka3D na temu: Transformacija kulturne baštine iz 2D u 3D digitalizaciju - 27. oktobar i online webinaru u organizaciji Međunarodnog savjeta za arhive (ICA), na temu: "Audiovizualno arhiviranje za socijalnu pravdu" - 26. oktobar - pohađao 1 službenik, kojim informacijama se dozvoljava pristup.

Nadalje po istim zahtjevu je utvrđeno da Državni arhiv ne pruža e-usluge koje su predviđene Katalogom usluga elektronske uprave. Kako Državni arhiv ne pruža e-usluge, nije u posjedu informacija traženih predmetnim zahtjevom s toga je zahtjev u ovom dijelu valjalo odbiti kao neosnovan, a što je u skladu sa članom 30 stav 5 Zakona o slobodnom pristupu informacijama, kojim je propisano da „rješenje kojim se odbija zahtjev za pristup informaciji, odnosno ponovnu upotrebu informacija sadrži detaljno obrazloženje razloga zbog kojih se ne dozvoljava pristup traženoj informaciji, odnosno ponovna upotreba informacija”.

Pristup dijelu odobrenih informacijama ostvariti će se dostavom kopija istih na e-mail adresu podnosioca zahtjeva almer.k@cdtmn.org.

Kako pristup dijelu odobrene informacije, predstavlja kopije dokumenta po stranici fomata A-4 7 kom. saglasno članu 2 stav 2 Uredbe o naknadi troškova u postupku za pristup informacijama ("Službeni list Crne Gore", br. 66/16, 121/21), kojom je propisano da se prvih 20 stranica ne naplaćuje, to podnosilac zahtjeva ne snosi troškove postupka.

Na osnovu izloženog riješeno je kao u dispozitivu rješenja.

PRAVNA POUKA: Protiv ovog rješenja može se izjaviti žalba, Agenciji za zaštitu podataka o ličnosti i pristup informacijama u roku od 15 dana od dana dostavljanja rješenja, neposredno ili preko Državnog arhiva. Žalba se podnosi u dva primjerka, sa dokazom o uplati 4,00 eura administrativne takse na račun br. 832-1076-73, shodno tarifnom broju 2 Zakona o administrativnim taksama („Sl. list CG", br.18/19)

With apologies for cross-posting

Audio-visual archiving has long ago supported the claims of citizens or whole communities against dictatorships and unlawful practices from corporations and democratic states. Nowadays, the ability to capture and share audio-visual materials is unprecedented. However, paradoxically, the same platforms that have extended the ability to create records to all layers of society are reducing people's agency to turn these records into archives of evidence that can be used to prevent abuse, educate, and promote social justice.

Hence, when fighting traditional power, people under oppression also need to prepare for a long-term battle to preserve their archival autonomy from the big tech companies behind these apparently free and horizontal platforms.

Organizations such as WITNESS, Mnemonic or HURIDOCS work to create and use audio-visual archives on human rights violations to support advocacy, social justice and accountability. In this webinar, Maria Mingo (Mnemonic), Yvonne Ng (WITNESS) and Bono Olgado (HURIDOCS) will discuss different approaches to the field considering aspects such as ethics, activism, community-based archives or social media archiving tools.

Institutional archivists, social activists, subaltern groups or audio-visual professionals attending this webinar will for sure benefit from our participants' points of view and practical recommendations. Do not hesitate to save the date!

Speakers

- Maria Mingo (Mnemonic) <https://mnemonic.org/>

Maria Mingo has 10 years' experience in international criminal law, specialising in documentation of atrocity crimes through technology. At Mnemonic, she leads its work on content moderation, engaging with social media platforms, NGO coalitions, and other stakeholders on content takedowns and preservation. Previously, Maria worked at eyeWitness to Atrocities, an initiative of the International Bar Association, leading their documentation capacity-strengthening work, collaborating with activists using documentation technology for accountability.

- Yvonne Ng (WITNESS) <https://www.witness.org/>

Yvonne is an audiovisual archivist with over 15 years of experience preserving media in community-based and non-profit settings, bridging the intersections of activism, technology, and archives. As the Senior Program Manager of Archives at WITNESS, Yvonne Ng is dedicated to supporting people to create and use archives for human rights change and accountability. She assists and trains grassroots partners, produces sharable learning materials, and advocates on issues related to human rights archives.

- Bono Olgado (HURIDOCS) <https://huridocs.org/>

Bono joined HURIDOCS in 2021 as its Programme Manager for Asia Pacific, later switching roles to be the organization's Documentalist. He supports human rights groups across the globe with their documentation, information, and technological needs. Bono is also an assistant professor at the University of the Philippines School of Library and Information Studies where he teaches archival studies and practice. His current research focuses on the datafication of memory politics in transitional justice mechanisms.
